INTELLECTUAL PROPERTY RIGHTS FORM

MediaSoft cannot deliver audio discs without a written "License for Replication" from the Company for Intellectual Rights. Additionally, this form should be used to provide MediaSoft with the necessary details about the disk contents. If a track is an arrangement, please also note the original composer and title. If the disk is to be distributed for free (Premium), please note the initial performance date of each track. Please also provide us with any additional statement that would be helpful for the Company for Intellectual Rights.
